ERASMUS STUDENT CHARTER

*...highlights your rights and obligations
and tells you what you can expect from
your sending and receiving organisations
at each step of your Erasmus+ experience.*

- + **Higher education institutions** participating in Erasmus+ have committed themselves to respect the principles of the Erasmus Charter for Higher Education to facilitate, support and recognise your experience abroad.
- + **On your side**, you commit yourself to respect the rules and obligations of the Erasmus+ Grant Agreement that you have signed with your sending institution.
- + **The Erasmus+ Student and Alumni Association (ESAA)** offers you a range of services to support you before, during and after your experience abroad.

Erasmus+

STEP I. Before your mobility period

- + Once you have been selected as an Erasmus+ student, you are entitled to receive guidance regarding the partner institutions or enterprises where you can spend your mobility period and the activities that you can undertake there.
- + You have the right to receive information on **the grading system** used by your receiving institution as well as information on obtaining insurance and finding housing, and securing a visa (if required). You can find the relevant contact points and information sources in the inter-institutional agreement signed between your sending and receiving institutions.
- + You will sign a **Grant Agreement** (even if you do not receive financial support from EU funds). If you are enrolled in a higher education institution located in a Programme Country, you will sign the Grant Agreement with your sending institution. If you are enrolled in a higher education institution located in a Partner Country, you may sign it with your sending or receiving institution, depending on the agreed arrangements. In addition, you will sign a **Learning Agreement** with your sending and receiving institution/enterprise. Thorough preparation of your Learning Agreement is crucial for the success of your mobility experience and to ensure recognition of your mobility period. It sets out the details of your planned activities abroad (including the credits to be earned and that will count towards your home degree).
- + After you have been selected, you will undergo an **on-line language assessment** (provided this is available in your main language of instruction / work abroad) that will allow your sending institution to offer

you the most appropriate language support, if required. You should take full advantage of this support to improve your language skills to the level recommended by your receiving institution.

STEP II. During your mobility period

- + You should take **full advantage of all the learning opportunities** available at the receiving institution/enterprise, while respecting its rules and regulations, and endeavour to perform to the best of your ability in all relevant examinations or other forms of assessment.
- + Your receiving institution/enterprise commits itself to treat you in the same way as its home students/employees and you should make all the necessary **efforts to fit into your new environment**.
- + You could benefit from networks of mentors and buddies where available at your receiving institution/enterprise.
- + Your receiving institution will not ask you to pay **fees** for tuition, registration, examinations or for access to laboratory and library facilities during your mobility period. Nevertheless, you may be charged a small fee on the same basis as local students for costs such as insurance, student unions and the use of study-related materials or equipment.
- + Your **student grant or student loan** from your home country must be maintained while you are abroad.
- + You can **request changes** to the Learning Agreement only in exceptional circumstances and within the deadline decided by your sending and receiving institutions. You must ensure that these changes are validated by both the sending and receiving institutions/enterprise within a two-week period after the

request has been submitted and keep copies of their approval. Any request to extend the duration of the mobility period must be submitted at least one month before the end of the originally planned period.

STEP III. After your mobility period part of your Learning Agreement. If the traineeship was not part of the curriculum

If you encounter a problem:

- You should identify the problem clearly and check your rights and obligations under your Grant Agreement.
- There are a number of people working in your sending and receiving institutions whose role is to help Erasmus+ students. Depending on the nature of the problem and the time it

occurs, the contact person or the responsible person at your sending or receiving institution (or receiving enterprise in case of a traineeship) will be able to help you. Their names and contact details are specified in your Learning Agreement.

- Use the formal appeal procedures in your sending institution if necessary.
- If your sending or receiving institution fails to fulfil the obligations outlined in the Erasmus Charter for Higher Education or in your Grant Agreement, you can contact the relevant National Agency.
